marantz

NR1200 SLIM LINE STEREO NETWORK RECEIVER

Indulge in high-resolution sonic perfection with the Marantz NR1200 slim line stereo network receiver that powers detailed, high-fidelity audio from a compact chassis. With a fully discrete amplifier design following the pure integrated amplifier layout and the renowned Marantz sound, the NR1200 is perfect for demanding music lovers wanting both excellent music quality, modern music streaming capability and digital connectivity. Stream music from your favourite services via Bluetooth, Apple AirPlay 2 or the HEOS Built-in app. Listen to FM/DAB+ Radio, Internet Radio, a wide array of music services, or connect a turntable to the high-quality Phono input. The NR1200 also supports the latest HDMI connectivity with 5 inputs and 1 output, plenty enough to connect your TV by HDMI ARC and your source players including a set-top box, Blu-ray Player or game console. All of this in a sleek design lower than a CD jewel case.

Highlights	Your Benefits
Slim profile that's half the height of a traditional receiver	Delivers exceptional performance and Marantz renown audio quality
Two-channel discrete power amplifier with separate L/R power amp circuit and power transformer with 75W per channel	Serious HiFi construction with enough power to fill your living room with the wide Marantz soundstage
AirPlay 2, Bluetooth, Internet Radio, Spotify Free and Premium, Network Audio Streaming	Access to almost unlimited online music sources
Integrated high-quality Phono input	Connect your turntable and listen to your beloved Vinyls
HEOS Built-in	Wireless Multi-room audio, voice control and digital music streaming
5 HDMI inputs with full HDCP 2.3 support plus one HDMI out with ARC	Versatile HDMI connectivity with support for single cable connection with your television
Connect your Bluetooth headphones	Listen to music or TV programs via your wireless headphones, either simultaneously with the speakers on, or individually.
Speaker A/B and tone control to tune sound to your exact specifications	High-performance, high-resolution audio playback

because music matters
